

HEINE Optotechnik holds a leading position worldwide in the manufacture of medical diagnostic instruments. With high product quality, innovation and active marketing, we achieve above average growth. We are an internationally recognised and valued partner of the medical trade. The HEINE Group employs over 500 people worldwide and is based in Gilching, Germany.

To strengthen our team in **Gilching (Bavaria) or Weimar (Thuringia)** we are looking for a full-time

## FULL-STACK SOFTWARE DEVELOPER (M/W/D).

### YOUR TASKS:

- › Development and extension of a browser-based software for clinical data management, including frontend, backend and database development.
- › Development of a mobile application for capturing clinical images for iOS and Android
- › Conception and creation of graphical user interfaces in cooperation with UX/UI designers
- › Handling customer requests for own projects as part of 3rd-level support (few requests per month)
- › Project work in terms of conception, implementation, testing, code review, documentation, certification and exchange of ideas
- › Administration and maintenance of the infrastructure necessary for development (CI, CD, DevOps)

### YOUR PROFILE:

- › Completion of an apprenticeship or degree in the field of computer science or with a scientific/technical orientation
- › Solid work experience in at least one of the areas: Frontend, Backend, Mobile Apps
- › Professional handling of tools for version management, project and knowledge management, UX/UI design
- › In-depth knowledge of design patterns and software architecture, as well as a willingness to continue to train
- › Independent, precise and goal-oriented way of working
- › Creative mindset, team spirit and hands on mentality
- › Very good knowledge of English; knowledge of German or willingness to learn desirable

### WE OFFER:

A solid and innovative family business with short decision making processes and the possibility to take on real responsibility for a varied range of tasks. A performance-related salary and regular employee events. Furthermore, a personal and cooperative working atmosphere in motivated and friendly teams.

We look forward to receiving your detailed online application, stating the earliest possible starting date and your desired salary.
