HEINE DELTA® 30 dermatoscope

Confidence in diagnosis with our most precise imaging

LED^{HQ}
LED IN HEINE QUALITY.

Not only would our high-end dermatoscope win any beauty pageant; it stands out due to the best imaging we've ever developed. Combined with a field of view measuring a veritable 30 millimetres and unprecedented colour rendering, in LED^{HQ} of course. Polarisation provides glare-free and non-reflective working conditions. Above all else, it is comfortable to operate with its angled, ergonomic design and intuitive control.

- ∴ **Largest field of view of real 30 mm** (lens 32 mm).
- ∴ **Crystal-clear image** with the achromatic HEINE optical system.
- ∴ **Fast change from contact- to non-contact examination.**
- ∴ **Ergonomic handling** thanks to the angled product design.
- ∴ **Operate with just one hand:** individual focusing dioptre compensation approximately -4 to +4 dpt.
- ∴ **Excellent colour rendering** due to LED^{HQ}.
- ∴ **Digital documentation:** Image and data management convenient and intuitive.
More information on our website: www.heine.com/en/digital
- ∴ **Glare-free and non-reflective working conditions** thanks to polarisation.
- ∴ **Custom light intensity:** 3 degrees of luminous intensity.
- ∴ **10x magnification.**
- ∴ **Switch between polarised and non-polarised light at the touch of a button** = toggle function. For more information, please visit heine.com/en/Toggle
- ∴ **No cross-contamination:** autoclavable contact plate with scale.
- ∴ **Maintenance-free** due to our dustproof design.
- ∴ **Rechargeable battery with Li-ion technology:** no memory effect; you can safely recharge the battery regardless of its charge state.

HEINE DELTAone dermatoscope

Uniting diagnostic precision and mobility

LED^{HQ}
LED IN HEINE QUALITY.

[01]

Digital
documentation
by HEINE

Small on the outside, big on the inside. This mobile marvel is taking medical professionals by storm. The crystal-clear image was accomplished using the achromatic HEINE optical system. What's more, it produces extraordinary colour rendering, due to the quality of our LED^{HQ}. Examinations are now particularly comfortable due to the polarisation allowing doctors to work glare-free and without disrupting reflections. These three features – clarity, LED^{HQ} and non-reflective working – plus the small dimensions, naturally, are what turn the DELTAone into a vital working tool wherever you go.

- ∴ **Fits into any pocket.**
- ∴ **Crystal-clear image** with the achromatic HEINE optical system.
- ∴ **Fast change from contact- to non-contact examination.**
- ∴ **Excellent colour rendering** due to LED^{HQ}.
- ∴ **Glare-free and non-reflective working conditions** thanks to polarisation.
- ∴ **Operate with just one hand:** individual focusing dioptre compensation approximately -4 to +4 dpt.
- ∴ **Digital documentation:** Image and data management convenient and intuitive.

HEINE iC1 dermatoscope

The digital dermatoscope

LED^{HQ}
LED IN HEINE QUALITY.

Digital documentation by HEINE

- ∴ **Sharp, sharper, sharpest.** The HEINE iC1 is a device designed for capturing clinical and dermatoscopic images for documenting and supporting differential diagnosis of melanomas and other skin lesions. Developed in our unrivalled HEINE quality, the iC1 delivers sharp, shadow-free images. Thanks, to both our precise, aspherical optical system and, the 12-megapixel image quality when using an iPhone* 6s or later model.
- ∴ **Digital documentation:** Image and data management convenient and intuitive. More information on our website: www.heine.com/en/digital
- ∴ **Big, bigger, biggest.** The high-quality aspherical optical system with up to 40x true magnification offers everything you need in a practice.
- ∴ **There's LED. And there's LED^{HQ}.** HEINE has set a new standard which maintains that only the best is good enough, from the selection of materials to processing, from light intensity and thermal management to a colour rendering index as high as possible. **That's what we call LED in HEINE Quality – or LED^{HQ}.**
- ∴ **At the press of a button – the toggle function.** With two switching buttons, the option to switch back and forth between polarisation and immersion images is always within easy reach, regardless of the working position. For more information, please visit heine.com/en/Toggle
- ∴ **Many see a smartphone. We see an exceptional camera and first-class display.** We've opted for the iPhone* for reasons of quality, user orientation and costs. From our perspective it offers the best camera, a display with the highest resolution and the most progressive touchscreen technology.

- ∴ **DIGITAL DOCUMENTATION: REMEMBER EACH AND EVERY MOLE.** Image and data management convenient and intuitive. More information can be found on our website: www.heine.com/en/digital

HEINE DELTA® 20T dermatoscope

The classic

- ∴ **Crystal clear, high-resolution images** thanks to the high-quality achromatic optical system. The focusing system delivers 10 to 16x magnification for a detailed view of even the smallest structures.
- ∴ **Toggle function for switching between polarised and non-polarised illumination mode.** With the press of a button. No exchange of contact plates necessary. The additional diagnostic function allows detection of 'blink signs' when viewing crystalline structures and milia. For more information, please visit heine.com/en/Toggle
- ∴ **Glare-free and reflection-free view thanks to polarisation, even without immersion fluid.** For fast and flexible work.
- ∴ **With just one hand:** individual focusing, range of correction approximately -6 to +6 dpt.
- ∴ **There's LED. And there's LED^{HQ}.** HEINE has set a new standard which maintains that only the best is good enough, from the selection of materials to processing, from light intensity and thermal management to a colour rendering index as high as possible. **That's what we call LED in HEINE Quality – or LED^{HQ}.**
- ∴ **The DELTA 20T is also capable of digital documentation:** using the HEINE digital camera lens system, the dermatoscope can be connected to the SLR cameras of major brands without any issues. Specially developed photo adaptor lenses combine the camera and DELTA 20T to create an unbeatable pair.

HEINE DELTA 20T film

- ∴ **Special small contact plate for the examination of difficult-to-access pigmented lesions, for instance between the fingers or toes.** See page 087 for order information.

HEINE DELTA 20T dermatoscope kits

Without case

	LED

	LED
DELTA 20T dermatoscope with contact plate with scale, EN 200-1 wall transformer (single unit with one handle) as single module with long USB cord and E4-USB plug-in power supply	K-010.28.252

HEINE mini 3000® dermatoscope

Compact pocket dermatoscope with XHL or LED^{HQ} illumination

LED^{HQ}
LED IN HEINE QUALITY.

Modern pocket dermatoscope with concentrated, bright light for uniform illumination with exact colour rendering. Unique, compact design with high quality optics. 10x magnification with focusing optics, metal instrument head. Can be used with the mini 3000 handle system. Handle available in black and blue, Instrument head only available in black/silver.

Features for both instruments (XHL and LED):

- ∴ **Modern pocket dermatoscope with handy dimensions:** small on the outside, but big on the inside.
- ∴ **10x magnification.**
- ∴ **Focus setting for compensation of ametropia: ± 4 dpt.**
- ∴ **Instrument head made of metal.**
- ∴ **20,000 ON/OFF switch cycles** guaranteed.
- ∴ **Distortion-free image** with high resolution edge to edge thanks to high-quality, colour-neutral achromatic optical system.
- ∴ **Special small contact plate** for the examination of difficult-to-access pigmented lesions, for instance between the fingers or toes.

Special features of the LED instruments:

- ∴ **There's LED. And there's LED^{HQ}.** HEINE has set a new standard which maintains that only the best is good enough, from the selection of materials to processing, from light intensity and thermal management to a colour rendering index as high as possible. **That's what we call LED in HEINE Quality – or LED^{HQ}.**
- ∴ **Twice as bright** as a conventional XHL (xenon halogen) dermatoscope.
- ∴ **Maintenance-free LED^{HQ} illumination** – no longer a need to replace the light source.
- ∴ **Exclusive battery performance Indicator:** When the instrument is switched on, the maximum light intensity is shown, then the light intensity is regulated down to the level that corresponds to the current charge status of the battery so you know when your batteries need changing.
- ∴ **Fade-out feature:** brightness reduces slowly even with low residual capacity, for even more efficient use of dry or rechargeable batteries.

HEINE mini 3000 dermatoscope sets / kits

Set includes: mini 3000 dermatoscope,
with contact plate with or without scale, zipper case.

	2.5V LED
mini 3000 battery handle with batteries, contact plate with scale	D-888.78.021
