

# The new HEINE Premium Service:

Customised laryngoscope blades  
with an individual inscription.

Everyone's excited to get their hands on HEINE blades. No wonder. They're in a class of their own with a 10-year guarantee and the HEINE smoothSURFACE. But to ensure that blades do not get lost, all Classic+ Macintosh and Paed blades can now be inscribed with the name of the department, faculty or clinic.

The hygienic reprocessing options remain unaffected.

**Your local HEINE contact person will be delighted to give you more details.
